Payment and Project Terms & Conditions

- Payment Terms: 100% advance payment is required on a monthly basis before the commencement or continuation of services.
- Advertising Budget: Any paid advertising budget (Google Ads, Meta Ads, or other platforms) must be paid directly by the client and is not included in the management or service fees.
- Pricing Variations: SEO keyword pricing and overall marketing costs may vary depending on industry competition, keyword difficulty, market conditions, existing project status, and handover-related risks from previous vendors or agencies.
- SEO KPI & Project Handover: If the agreed SEO KPI keywords achieve first-page rankings, project or website handover (including reports, access, or documentation) will be completed only after receiving two (2) additional months of payment in the event of project discontinuation. This clause is applicable to safeguard ranking stability and transition continuity.
- Project Scope: Services will be delivered strictly as per the agreed scope of work. Any additional services beyond the scope will be charged separately upon mutual approval.
- Reporting & Deliverables: Performance reports and deliverables will be shared as per the agreed reporting schedule.
- Results Disclaimer: SEO and digital marketing results depend on search engine algorithms, platform policies, and market competition. Rankings and performance cannot be guaranteed unless explicitly stated.
- Client Responsibilities: The client must provide timely approvals, content, and access credentials to avoid execution delays.
- Validity of Quotation: This quotation is valid for 8 days from the date of issue.
- Termination Policy: Either party may discontinue the engagement with prior written notice as mutually agreed. Payments already made are non-refundable.
